Report on Mock Interview on Personality Development

A Mock Interview held on 06/02/2023 in Pradeep Memorial Comprehensive College of Education Prof. Sunil Keshwani was the resource person of this workshop. The workshop was attended by B.Ed students. Resource person said that personality development refers to the process of enhancing and improving one's personal and professional traits, such as communication skills, confidence, leadership, time management, and emotional intelligence. A well-developed personality can help individuals build better relationships, make positive impressions, and achieve success in their careers. He said the most important objectives of the workshop were: Improved communication: Developing effective communication skills can help individuals express their ideas and thoughts clearly and confidently, which is essential for building relationships and advancing in their careers. Enhanced confidence: A well-developed personality can help individuals feel more confident in their abilities, leading to better performance in their careers. Leadership skills: Developing leadership skills can help individuals manage teams, motivate employees, and make strategic decisions in their careers. Time management: Improving time management skills can help individuals prioritize tasks, meet deadlines, and achieve their goals in their careers. During the workshop, some activities that he engaged the students with were: Icebreakers: She started the workshop with icebreaker activities to help participants get to know each other and feel more comfortable including introductions, group games, and team-building exercises. Self-assessment: Gave personality tests, skill assessments, and goal-setting exercises to participants to complete a self-assessment to identify their strengths and weaknesses. Role-playing: Used role-playing exercises to help participants practice effective communication and interpersonal skills. Group discussions were also done by students. Students took participation enthusiastically in this discussion. Feedback also given by Resource person at last.. It was a fruitful session for us.

Report on Workshop on Emotional Well being

On 19 October, 2022, a workshop was held at PMCCE college focused on exploring emerging trends in emotional well being of the students. The event aimed to provide participations with valuable insight into the latest developments in the field, with Dr. Sangeeta Sharma serving as the esteemed guest speaker.

The workshop commenced with an opening session, setting the tone for the day's discussions. Participants from diverse background and expertise gathered to develop their concepts.

Dr. Sangeeta Sharma, a renowned expert in the field, delivered a captivating keynote address. Her presentation covered key advancements,

Current challenges and future prospects on the emotional well being of the students. Attendees gained valuable perspectives on the subject.

The workshop featured interactive sessions where participants actively engaged with Dr. Sharma, asking questions and sharing their insights. These sessions fostered a dynamic exchange of ideas and provided a platform for networking among attendees.

The workshop concluded with closing remarks, expressing gratitude to the guest for her valuable contributions and thanking the participation was distributed to acknowledge the attendees commitment.

The workshop successfully facilitated knowledge. Exchange, collaboration and networking among professionals were seen to gain experience.

Report on Workshop on Art & Craft

On, 10th March 2023, Pradeep Memorial Comprehensive college of Education organized a workshop on “Theatre and Art Education”. Art education has become an integral part of the college curriculum. These workshops provide students with a creative outlet to explore their artistic talent and develop their craft skills. The setting of the art and craft workshop is an essential aspect of the learning process.

The instructor's approach to teaching plays a crucial role in the success of the workshop. The instructor should be knowledgeable and experienced in the art and craft field, and they should be able to demonstrate different techniques to the students. The instructor should also provide hands-on guidance to the students, ensuring they understand the techniques and can apply them to their art pieces. This approach helps students develop their skills and improve their confidence in their abilities. The workshop should be designed to encourage creativity and exploration, allowing students to express themselves freely. The final products created by the students are a reflection of their creativity and the skills they have developed through the workshop.

In conclusion, an art and craft workshop provides students with an opportunity to develop their artistic skills and explore their creativity. The setting of the workshop, the instructor's approach to teaching, and the students' experience in the workshop are all essential components of the learning process. A successful art and craft workshop can inspire students to pursue their passion for art and craft and develop their skills further.

Report on Extension Lecture on NROER (National Repository of Open Educational Resources)

An Extension lecture was organised in Pradeep Memorial Comprehensive College of Education on 26th May 2023 at 10:30 a.m in Seminar Hall. It was a 2 hour lecture based on the different initiatives taken by government for enhancing ICT based education at school level and Usage of NROER. The program started with the facilitation of Dr D.D. Aggarwal sir by our principal mam professor Dr. Bharti Dimri. Dr. D. D. Aggarwal Sir started with a warm introduction of NROER. He started the topic with the small interaction with pupil teachers to know about our knowledge about ICT (Information communication technology) in India. Each slide was well designed as per his work different maps, charts, tables and various kin of digital resources used. In the first slide he told us about number of schools in India and number of students enrolled in them and how quality of education is there in schools. Nearly 50% of schools in India are under ICT@Schools scheme. In the next slide it was about the most primary and major discrimination which happens in India especially in the field of education and that is on the basis of gender. How gender effects and enrollment of students in the school and also different of urban and rural area. Next he moved the brief explanation of initiative of government through a well designed chart starting from 1972 when ET scheme was launched then moving to 1983 INSAT and then in 1984 when class projects were launched by government, in 1986 NPE and after the huge differences of 6 years in 1992 NPA launched.

Then he briefed about some digital initiatives at National level such as DIKSHA, ICT curriculum, NROER which provide digital content for education at school level.

He explained about different types of resources on NROER collections, images, audios, videos, interactives documents. He also explained about Resources are available on e pathshala, e-books e-publication etc. It was a fruitful and knowledgeable lecture.

Workshop on Artificial Intelligence

Date: 13th June, 2023

On 13th June, 2023 (Friday) one day workshop was organized for B.Ed. students. This workshop was conducted by IBM (International Business Machine Corporation). IBM is a well –known IT based company, which runs various educational program to help learners to gain latest skills in emerging technologies like- block chain, analytics, cloud, artificial intelligence and many more.

Miss Mahima was our guest of the workshop and **theme of the workshop was artificial intelligence**. In the beginning she explained the meaning and importance of Artificial Intelligence in simple words and its usefulness for teachers.

In the second half of the day, “IBM Skills Build – master class of job readiness” theme was taken wherein all steps to build resume effective was discussed. How to mention major things in the resume which were accomplished by the students, co-curricular activities, responsibilities done by students all are discussed in detail.

Artificial Intelligence is useful to everyone in each field but as a teacher it is very essential. After NEP2020 description about the technology integration in education it is now very essential to go through it by every teacher. At the end queries of the students on Artificial Intelligence was handled effectively by the resource person. The workshop was very useful for the faculty members also.

Report on International Yoga Day on 21st June 2023

Pradeep Memorial Comprehensive College of Education celebrated the International Yoga Day, in its college premises, in a grand way. The college believes that education does not mean mere imparting of knowledge or facts but it encompasses an all round development of an individual. The college has been taking all initiatives to accomplish this. The celebration of International Yoga Day as declared by United Nations was highly an exuberant event with the buoyant and enthusiastic participation of the large number of students. The heavy rains that lashed the city did not dampen the spirit of the students. The college organized a plethora of activities for students of all ages ranging from asanas, pranayam to Suryanamaskar. The students stretched their arms, bent their legs, rolled their neck and twisted every sinew in their body with greater dexterity, in a spectacular synchronicity with English and Hindi instructions. Vrikshasana, Parvatasana, Padmasana, Vajrasana were the asanas, to name a few, performed on the occasion. The main attraction of the day was the performance of Suryanamaskar in which co ordination of body and mind is very important. The college had also arranged for a slide-show highlighting the importance of yoga in a student's life. Mr. Rakesh Kumar, the Yoga teacher shares, "Yoga nurtures the healthy mind in every student. The role of yoga in college therefore, becomes significantly important." The Principal, Dr. Bharti Dimri, in her inaugural address opined, "Yoga, an ancient Art and Science of health and harmony have vast potential for physical, mental, emotional, social and spiritual health of every human being. The college being convergent centers can play a path breaking role in the growth and development of the nation. Realizing this, the college, has already included yoga in its curriculum for all classes and the students have been encouraged to do asanas every day. "The students felt that yoga and meditation help them in not only coordinating their body and mind but also in enhancing their concentration power. The school once again witnessed unprecedented support from the parents for this event too. The day came to conclusion with the recitation of Shantimantra and the students and teachers carrying home the message that, "Yoga is not for only one – it's for everyone, Yoga is not for a day- it's for everyday.

Report on Rangoli Competition

The student of PMCCE, participated enthusiastically in the Rangoli Competition organised on the occasion of Diwali on October 13, 2022. The theme of the competition was 'Celebrating the Festival of Happienies'. Rangoli is an ancient art and timeless tradition that is followed all over India. The word 'Rangoli' is said to have been derived from the words 'rang' and 'aavalli' which refers to a row of colours. The Principal, Prof.(Dr.)Bharti Dimri, organising such competitions, to introduced students to our Indian culture. At the same time, skills of aesthetics, creativity and innovation can be developed amongst them.
